*Praise the Lord!
How good it is to sing praises to our God,
how pleasant and fitting to praise Him!*
Psalm 147:1

O how the Lord loves to see His children praise Him! Our praise, like a sweet-smelling incense, ascends to His majestic throneroom where the Lord Himself dwells. He puts a song in our hearts to express to Him our thanks for all He has done. As recipients of His all-consuming love and affection, we can do nothing less than to bless the Lord at all times, letting His praise continually be in our mouths.

We at Integrity Music believe congregational praise and worship is one of the integral ways through which God inhabits the praises of His people. Following in the tradition of our first four Songbooks, **Praise and Worship Songbook 5** endeavors to provide you with music that will help usher you and your fellow worshipers into the very presence of God. We hope this Songbook encourages a new level of congregational participation and enhances your choir presentations, home Bible studies, family devotions, and personal worship times.

The Foreword fully describes a comprehensive set of indexes that will enable you to take full advantage of this valuable resource.

We pray that Songbook 5 will greatly enrich your praise and worship and be an instrument through which you experience God's life-changing presence.

FOREWORD

Praise and Worship Songbook Five includes all of the songs from the following Hosanna! Music recordings:

Arise, O God
Amazing Love
Exalt the Lord
See His Glory
Shouts of Joy
Eternal God
Worship the King

Every song is arranged in four-part harmony (SATB) and can be easily performed by your choir or worship team. The four-part harmony also works well as a basis for piano and organ accompaniment. Cued notes have been added where necessary to help establish the "feel" of the song. Guitar chords are also provided.

Musicians should be encouraged to embellish these arrangements by improvising with the chord symbols. When there is a note under a slash (e.g., F/G), the note above the slash is the chord to be played by the upper register instruments (guitar, right hand of the piano, etc.). The note below the slash is to be played by the lower register instruments (bass guitar, organ pedals, left hand of the piano, etc.). For songs that flow smoothly with each other, a medley reference is listed on each appropriate page.

The **Praise and Worship Songbook** has many features to help you plan your worship services.

Index "A" lists all songs by key and tempo. Praise and worship times will flow more smoothly if you select songs that are closely related in key and tempo. Create medleys of songs rather than stopping after each song. Choose songs that are related thematically, such as:

Lift High the Cross	C Major
Arise, O God	C Major
Let God Arise	C Major
Exalt the Lord	F Major

Index "B" lists the songs by topic, such as joy, thanksgiving, victory, etc. If you know the theme of your pastor's message, you can prepare the hearts of the people by focusing your worship on the same topic.

Index "C" lists songs by the first line of lyrics in case you are unsure of the title.

Index "D" lists the songs according to their Scriptural references. If you are searching for a song featuring a specific Scripture, you will find it listed in biblical order.

Index "E" lists copyright owners of the songs presented in this publication.

We wish to thank all those who have given their permission to print the songs in this book. Every effort has been made to locate the copyright owners. If any omissions have occurred, we will make proper corrections in future printings.

A "Words Only" edition of this Songbook is also available (HMSW05).
